

# The Agronomists' Aerial Application Checklist

## Reputable operator

AAAA Member  
Spraysafe accredited

## Planning

Accurate Map  
Hazards to the pilot *eg powerlines*  
What's downwind  
Wind required  
Standard spray order form

## Agronomy - Add value!

Accurate field assessments all over  
Identify key label requirements  
Mode of action  
Characteristics of Target Pest  
Rate  
Water range  
Droplet quality required  
Any special needs eg 24D / Endo  
Droplets per square centimeter  
Leaf Area index

## Economics

Airstrip near the job  
Lowest water possible to do the job  
Longer runs  
Book jobs together & link fields  
Remove obstacles - eg trees, wires

## Essential data for the Pilot

Product—actual product - not generic name  
Rate  
Target  
Droplets / cm<sup>2</sup>  
LAI  
Map  
Standard Spray Order form  
What's downwind - susceptible, sensitive neighbours etc
